Here is the 1953 Komet; read it, autograph it, and treasure it because it's your book. Your activities, games, dances, and assemblies are here, faithfully recorded.

Your friends are here, in clubs and classes.

This is 1952-53 as you lived it.

DEDICATED TO

To you, MR. FIERRO, friend and teacher, we dedicate this record of the school year 1952-1953, in the hope that it will show the appreciation Kearny, and especially the Senior Class, has for you. "Darn, it's been fine knowing you."

We dedicate this annual to you, MRS. WISEMAN, counselor and advisor to many Komet groups. The Senior Class especially wishes to express thanks for your work with the Class of '53 during the last six years. This is your book.

SPECIAL

RECOGNITION

Mr. Weisbrod has introduced many Komet classes to the wonders of science (including the dog fish). The Class of 1953 is in debt to him for his guidance—from 1948 to 1950, when we first began to warm the Kearny campus.

Awards of Merit should go to Mr. Clark for keeping the cage door closed on the 1953 Komet staff. Mr. Clark has come to mean Kearny spirit as much as Lil' Stevie himself.

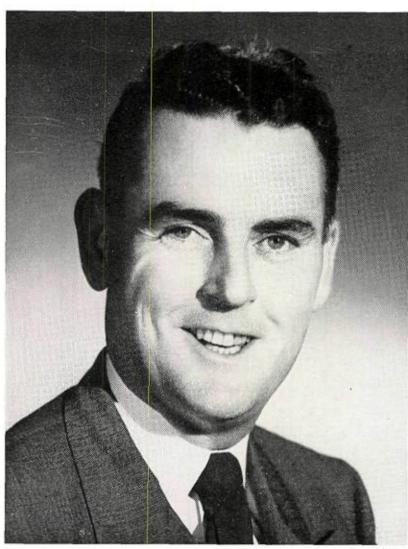

Mr. Carr's first year as principal really has the Komet crowd in an uproar. Rumor has it he's always on hand for Komet games, has a ready smile, a friendly hello, and knows just about everything. But it's no rumor that Mr. Carr would rate high in any Komet popularity poll.

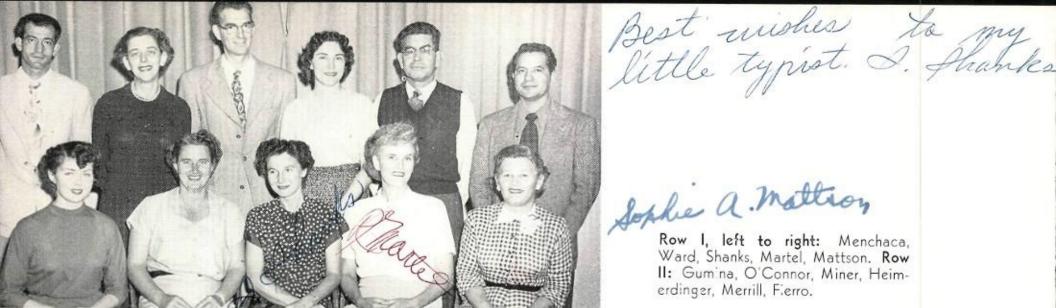

HEAD KEEPERS

Problem solving is his specialty, and Kearny's Zoo has its share. There must be a lighter side, however, if you can judge from the grin with which **Mr. Yates** faces each new day. If you're looking for our Dean of Boys, you'll find him in his office or busily on his way to one of the hundred places he is supposed to be at the same time.

Our favorite visitor to the zoo is our "ever smilin" Dean of Girls, Miss Delight Smith. She holds the position of "chief trouble shooter" for every senior high girl, by being "head keeper" for the Girls' League, and the Dianas. Miss Smith makes her headquarters in the office where anyone is welcome to drop in and say hello.

A.S.B. council members often work behind the scenes, but results of their projects are in evidence all around the Komet Zoo.

An important group of girls at Kearny was the K.D.K. council. They carried out the will of the Girls' League as a whole.

What! The deadline tomorrow? It can't be! I haven't even started. Oh well, I'll work all lunch period." These were a few of the sighs coming out of the annual room this year.

Besides the Junior and Senior staffs, a "baby staff" was added so the Junior High can produce its own annual next year.

Something else newly added this year were division pages from original oil paintings by our Art Editors.

ZOO'S

Soothing qualities were apparent in FLORENCE BLACKNER'S personality. Our blonde with brains not only was a life member of the CSF, but held down a part-time job. She lent a bit of sunshine wherever she went. "Smilin' Jack" has nothing on her.

JACKIE BREWER, the sense of humor attached to a girl, was worthy of a Zoo's Who listing. Name a club, and you'll find Jackie sparked it with her ever-lasting vitality. Her senior year was spent as a lithe and limber cheerleader.

Like whipped cream and Billy May, MARGARET FOISIY was smoooth. She ironed out difficulties as Vice-Prexy of the Girls' League and Senior Council Member. Besides participating in many clubs, Margaret did some high stepping as a majorette.

NINA HULL is definitely on the angelic side, as she must have been sent from Heaven to be a star in Kearny's activities. Nina's most outstanding achievements were head songleader, Diana Prexy, Girls' State Representative, and CSF.

Lil' Stevie would like to dedicate "Big Boy" to THELMA LAWSON, because the place was always rocking when she was around. Thelma was head cheerleader, Prexy of Beau Monde, a member of Sr. Council, Dianas, and hailed from the great State of Texas.

Executive to the nth degree is JO ANN MAUS. A born leader, she has used this ability as Colonel of the Drill Team and Editor-in-Chief of the '53 Komet. Jo Ann is as well known for her artistic talents as she is for her varied activities.

WHO

The origin of that "clean-cut kid" statement was FORREST LETZ-RING. Long-time wheel in the class of '53, he was Jr. Class Pres. and Sr. Class Treasurer. Other claims to fame were staked in athletics and Annual Staff.

Top man on Kearny's totem pole was CHARLES HANSON, our A.S.B. President. This fabulous character headed our executive department, and was a member of CSF. Whenever you were at Kearny, you heard the cry, "Here comes Charlie."

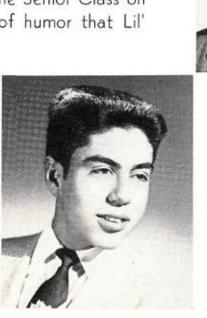

Hole-in-one man on the Golf Team was NEIL REASONER. This man of many talents was especially gifted in the musical and the literary fields. He participated in the Scribblers' Frolic, CSF, Bi-Chem-Phi, and Sr. Council.

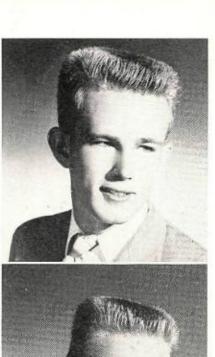

FREDERICK DAVID SCHWEND, sometimes alias Field Marshall, was one of the most "who" in the Zoo's Who. Fred served as President of the class of '53 in the 7th, 8th, and 12th grades, and commissioner of Boys' Athletics.

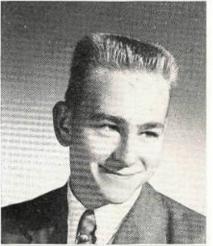

Our "all-around boy," HENRY SESMA, was really all around Kearny. Besides sports, he has contributed to Kearny and to the Senior Class on the Council and as a Rana. Hank has a wry sense of humor that Lil' Stevie liked.

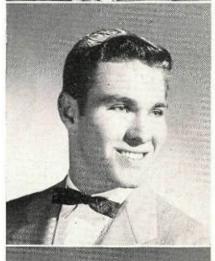

Brain and brawn in one big package was GORDON STOL-ZOFF'S trademark. He was a member of CSF, Ranas, and was Boys' State Representative. Big boy Gordon was a top man in basketball and football for the Komets this year.

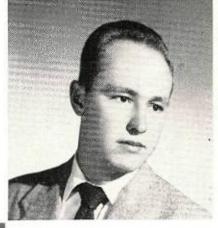

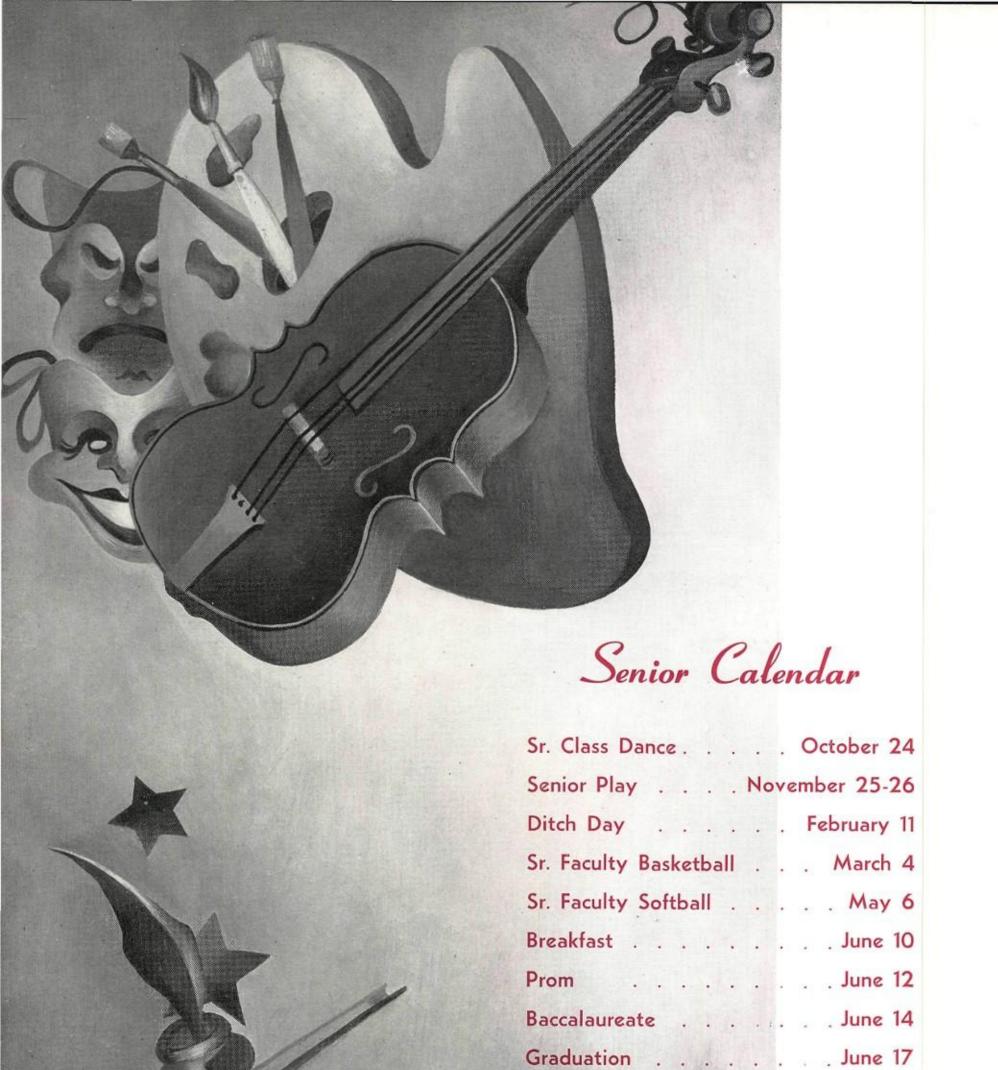

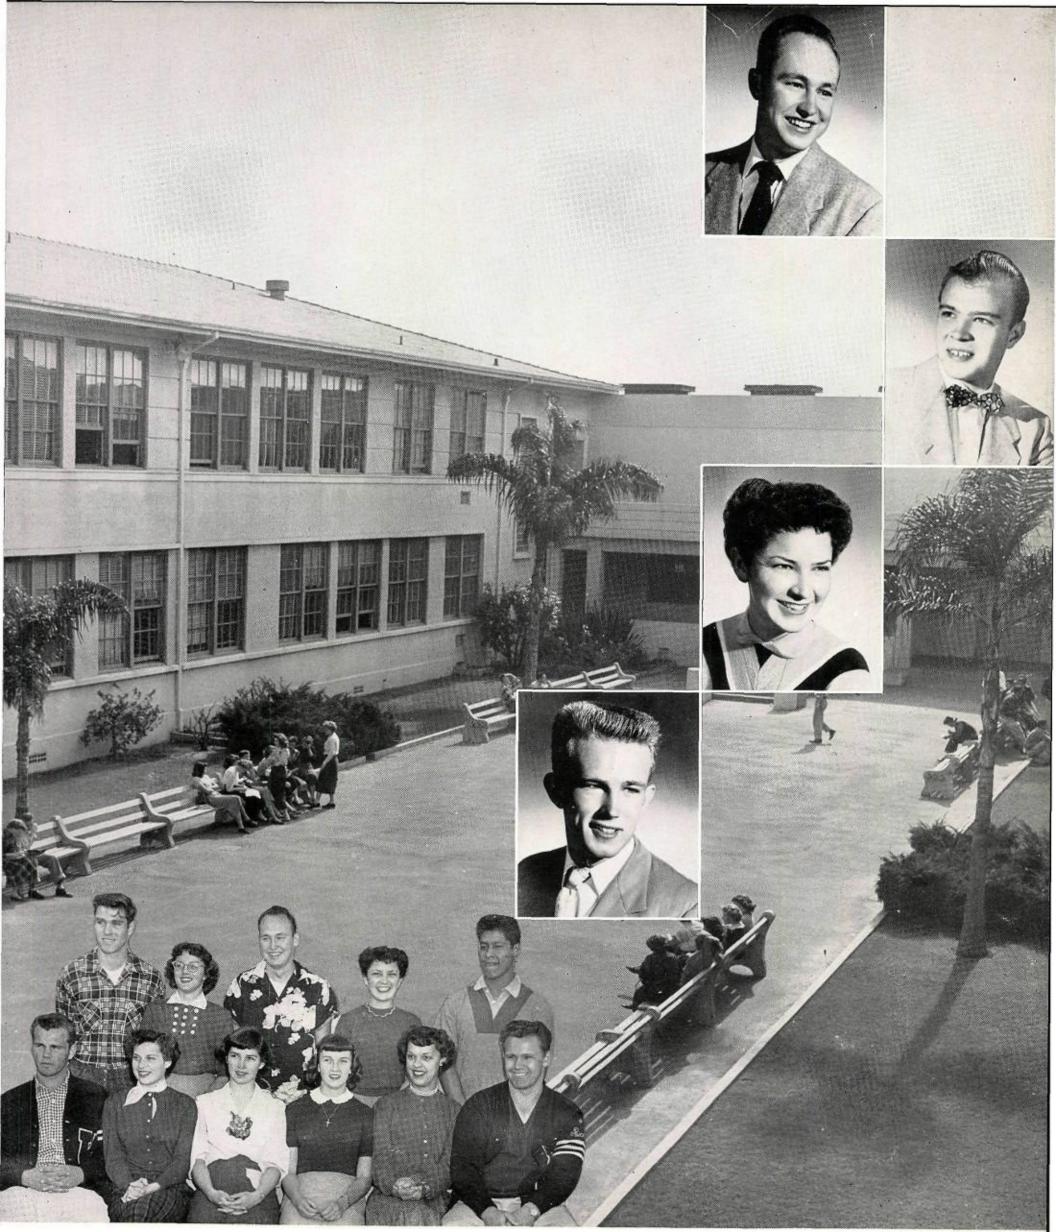

Zoo's Who was chosen by a faculty committee on the basis of scholarship, personality, and service.

Pat Davee

Roy Burton

"Auto mechanic". A south-ern gentleman from way down South Carolina way. Between feasts of southern fried chicken, Roy enjoyed working on cars.

Connie Cox

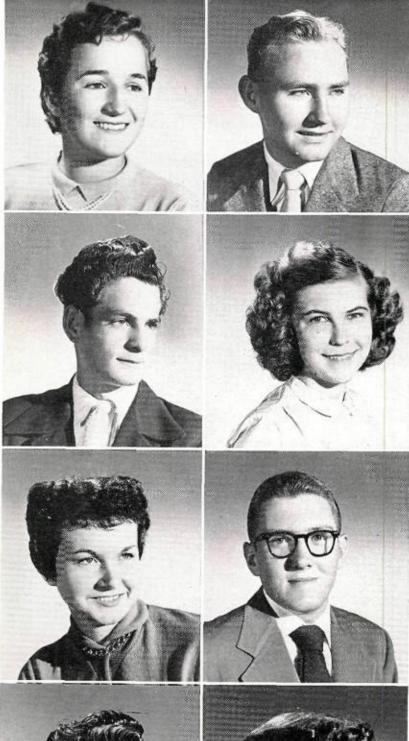

"Graduate from the University with an A average".
Connie is a teacher's dream, who loves typing.
She was useful to Lil'
Stevie as a member of the Bible Club and office practice tice.

Shirley Cole

"Help Ella Mae enjoy her senior year". Shirley did fancy strutting with the Pom Pon Corps and belonged to Spanish Club and Bible Club. She had fun in church activities.

Richard Curry

"Make it to college". Dick supplied muscle on the football team, harmony in Choir and talent as a hula dancer. Ranas, Latin Club and K Club got a share of his time.

Howard Davis

"Commercial pilot". Howard's most absorbing pastime was cars. He was well known at K.H.S. for his ability with them and that "rod" he drove.

Hope Cornell

"Have a nursery school, 'cause I love kids". Hope is a house-wifely type, who likes sewing and cooking. Komet activities like Bible Club and Red Cross occupied her time.

Jean Craiger

"Trip back to New Jersey". In Jean's six years at Kearny she was a member of the Y-Teens, Bible Club, Kearny Kadettes, and Girls' Glee. She also held the offices of Major of the Drill Team, and A.S.B. clerk.

Don Douglas

"Navy". Ambitious Don will probably achieve this one. In his Senior year at Kearny he belonged to the Hi-Y Club.

Pat Davee

"An art teacher, like Mr. Clark". Pat was art edi-tor of the 1953 Komet and her hobby is art. She laid her paint brush down for Dianas, CSF, Bible Club, Pom Pon Corps and Kearny Kadettes.

"Big business man". Stanley played football on the J. V. and Frosh teams. His service for the class of '53 was on the Jr. Coke Committee, and Ranas.

Lucy Davis

"Housewife and beautician". Lucy knew the oldie, "the way to a man's heart is through his stomach," so she took up cook-ing, Girls' Glee and Choir were her favorites too.

Mary Doren

"Be a lawyer". Mary is already influencing judges as her second place in a city wide speech contest proved. She was a mem-er of the K.D.K. Council and especially enjoyed drama.

"Ambition"? Dick never looked rushed, but he must have had to hustle to keep up with football, wrestling, basketball, Ranas, Sharks, Choir, Varsity Club, and Senior Council.

Charlene Evans

"Make good in life". Charlene had a weakness for western books and football teams. She was a member of G.A.A., Pep Club, and Girls' League.

Joseph Gutierrez

"Dodge the draft". Joe was a Komet since the 7th grade and mighty proud of it. He knocked homers on the baseball team, played Soph. basketball, joined the Spanish Club, and Hi-Y.

Joel Halbert

"Get my car fixed before the cops catch me". Joe is a "take it easy" guy from Missouri. He did exert himself to go out for Komet basketball and track and joined the Hi-Y.

Frances Flores

"Become wealthy". Frances, better known as KiKi, was a bundle of laughs in Y-Teens, Choir and that hard-working Senior Council.

Margaret Foisiy

Nancy Gauder

"Be a great success". Nancy, a cute blonde with a big smile, had fun joining clubs like the Jr. Sportsmen and the 'ever lovin' Horizon Club.

Our '52 Komet squad rolled up an overwhelming start on their gasping victims. The first tally of points made by the eleven starters was the 20-0 victory over the now tamed pussy cats of Escondido.

Then came the night of the Football Carnival. The Komets, for the second year, downed Grossmont 7-0 before 24,000 fans. Next, the Spartans of El Centro got their armor melted by the flaming Komets to the tune of 25-13. The Grossmont squad was gunning for its first win in league play and revenge for the pounding it received in the Carnival, but Grossmont just didn't have the pass connecting, hard running, and sharp blocking team of the Komets. We sent the Foothillers back to the mountains with the 26-13 brand on them.

We all remember the bite of the title-seeking Pointers of Point Loma. The Komets went into the game with good spirits and fought all the way, but Lady Luck didn't look our way, and so a 12-20 score was in favor of the Pointers. The Point Loma game, although a disappointment, was a well-played game with their goal line crossed twice for the first time. The next game on the Komets' schedule with St. Augustine was the closest game of the '52 season, with the see-sawing score of 25-26 in favor of the high-flying Saints. The St. Augustine game seemed to spark the offensive eleven to a new high, for when the Red Birds of Hoover met the maroon-clad Komets, they got their tail feathers clipped with the sting of a 13-9 triumph for Kearny.

We all heard the piper tune of the Helix Highlanders when the Komet squad had to dance to the rhythm of 24-7. This year's Co-Champions, San Diego and La Jolla, both put down the Komets' bid for wins with scres of 45-0 for San Diego and 28-0 for La Jolla.

Soaring to a height very few Komet teams have seen was the '52-'53 cage squad. The season ended with the Komets' "fire-house-five" in a dual position of third place in the City League. Highlights of the first Hoover game were probably the most exciting of the season, with the final tally of points ending in a 38-39 win for Hoover. The revenge lag was waving when the Komets invaded the shores of the La Jolla Vikings. Kearny sank the Norsemen's chances of coming up in the league by defeating them 62-29 and 58-50. San Diego's Cavemen proved to be too strong for Kearny's attack by being the only team to defeat us twice in the season. But Kearny also dealt out its share of double defeats. Victims on the twice list were Grossmont, Helix, and La Jolla. The rest of the season's tilts were split decisions. Leagueleading Point Loma tasted on of it few defeats at the hands of the Komets.

The Kearny speedsters have had some individual stars in their time, but in '53 the Komets have a greater team, with stars in practically every track and field event. We are sure Kearny will come out on top, if anyone can; discounting bad breaks, of course. We all agree on this point, records will be falling this year.
